

**CENTRE DRIVE CDTIE<sup>™</sup> SDS SETTING TOOL**

*(Aust. Pat. App. No. 2007264783)*

**SAFER, CONTROLLED CLOSE-QUARTER<sup>™</sup> HAMMER DRIVEN INSTALLATION**

Intelligent design has delivered a low cost, reliable, one-piece setting tool with a unique driving end arrangement, (Aus. Pat. App. No. 2007264783), that provides safer, controlled and close-quarter CDTie<sup>™</sup> installations allowing the operator to maintain both hands on his drill. This eases installation, improves safety and control whilst eliminating the need for long cumbersome and expensive telescopic spring-loaded tools.

- A NEW Drive Tool for Thor Helical 12mm Diameter - Long Wall Ties
